Sincere Service

I am in the Life Insurance Profession for the reason I feel I am in position to render a service to men, women and children and the community at large more than in any other way possible.

To give this service I represent The Central Life Assurance Society of U. S. Mutual, Des Moines, Iowa. A Mutual Old Line Company organized and governed by the FAMOUS DEPOSIT LAWS OF THE STATE OF IOWA.

As a part of my service I invite correspondence regarding any question you might have on your present policies, whether in this company or not. Same will be treated strictly confidential.

Our policies contain Double Indemnity, a Total Disability Clause unexcelled in the world, and other most liberal features; also a high class Child Endowent.

A request to have our contracts explained will carry no obligation and will be appreciated.

Map of Johnson County

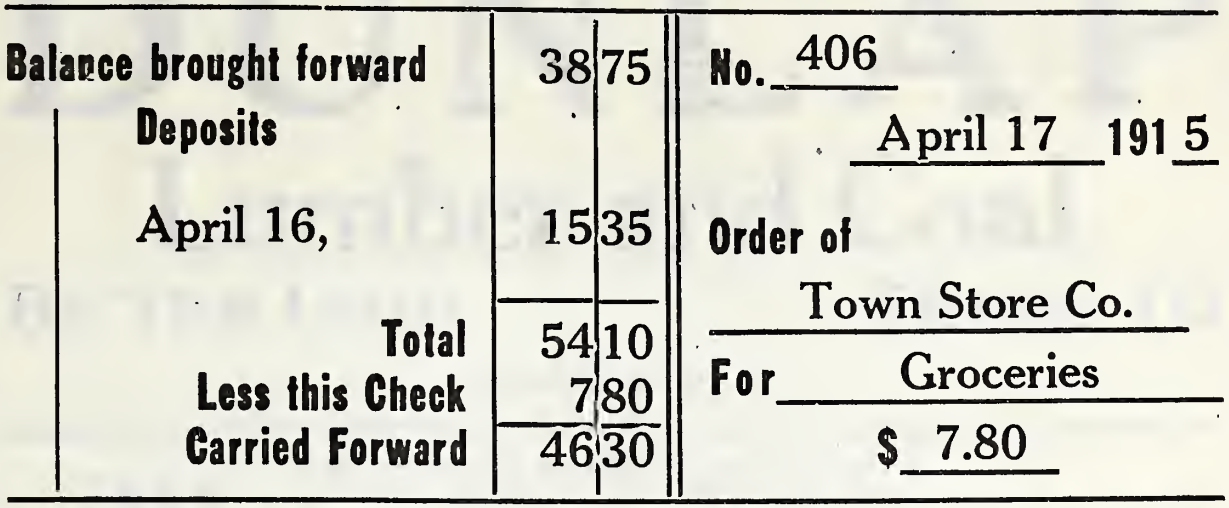

FOREWORD

This Farm Directory was compiled by the Iowa Farm Directory Company under the supervision of County Agent, E. H. Hall, and is published under the direction of the Johnson County Farm Bureau.

It is hoped that it will serve a useful purpose. A booklet containing the names and address of all the farmers of Johnson County has long been needed, and it is felt by the publishers that this edition will fill that need in a satisfactory manner.

The advertisers herewith are recommended to the consideration of the people of the county. The advertisements were solicited and compilled by F. W. Hess and it is felt that his work has been well done and that his efforts are appreciated by both the public and the publishers.

The Iowa Farm Directory Company take pride in presenting this Directory for your approval.

The Farmers' Book-keeping

The stubs of a check book and the pages of a bank book furnish a dependable record of receipts and expenditures. No worry, no trouble, but an accurate account of ones financial affairs. If you are not using this system, come in and let us show you how nicely it will accommodate itself to your needs.

Your Factory On The Farm

Modern factories are laid out so as to get the most done with the least lost motion; your farm buildings ought to be planned the same way.

Back hauls and other faults in planning are expensive. They make the work difficult and waste your time in the bargain.

The farm factory, also, should be large enough to take care of the produce of the fields. Many real estate men estimate the fertility of the soil by the size and appearance of the buildings.

Command our services when planning your buildings.

Stop And Think

W. L. DAVIS, Manager Egg and Poultry Department

Before you market your CREAM, POULTRY AND EGGS then you will know why you should sell us you produce. We centralize all produce from small lots to car loads

Our big plant investment together with our large organization and our vast volume of business, we can handle farm produce on a small margin of profit.

Our competition with our competitors in Johnson county makes our competitors pay more for produce than they would if we were not here. If all the FARMERS in Johnson county would sell us their produce direct we could still pay higher prices.

WE BUY POULTRY, EGGS AND CREAM EVERY DAY FOR CASH.

GET THE HABIT. SELL US YOUR PRODUCE.

Our volume of business in 1920 exceeded any previous year. Help us make 1921 still bigger.

The butter egg and poultry industry of the United States is the largest business in the United States today.

We are performing not promising.

Music Brings Happiness

HAPPINESS is the most precious thing in life. It is not a gift; it is born in the home. It comes from association with folks we love —and music. No home can be completely happy without music. The Victrola or Playerpiano supplies the music need. Its influence smoothes out the little worries and fills up the little corners with happiness that are sometimes filled with gloom.

Women's Clothes Have Style--Or They Haven't

There is no middle ground. And happily that group of women who recognize this fact and who wish to express them selves through apparel of real distinction is getting larger and larger. It is the demands of this eager and enthusiastic patronage that inspire us to avoid the commonplace, and to show only apparel of genuine merit.

And best of all, we are enabled to price this type of apparel within the reach of the woman with a limited income. In fact, our prices are no higher than you would expect to pay for the ordinary sort.

LEARN TO LIVE AND BE WELL.

Get rid of sickness and death will recede far into the future. You would not willingly allow your automobile to become a rattle- trap without an effort to keep it in repair. Why let your body degenerate and become so diseased that your happiness, success, and even your life are doomed?

Chiropractic is Established on the Supreme Law of Life.

The laws of life are simple and easy to follow, and apply to all diseases. We teach them. Results are sure, as is proved by our satisfied patients.

JOHNSON COUNTY FARM DIRECTORY

In securing the names of the farmers, their post offices, the section upon which the home is located and the telephone exchange, as officers of the Johnson County Farm Bureau, we wish to thank the school co-operators for their help and all others that rendered their assistance.

This being the first attempt to publish such a directory. We made more mistakes than we will after having this experience. We will ask the public to pardon any mistakes or omissions in this Directory. We know that F. W. Hess has been an untiring worker in compiling the material here assembled and much praise is due him.

We ask you to refer to the advertisements on these pages and to give them your patronage. Trusting that you will find this Directory so useful and interesting that you will encourage and support the publishers, advertisers, and Farm Bureau Officers to isssue many more copies of a similar nature. We present you this copy.

E. H. HALL,
County Agent.

THE JOHNSON COUNTY FARM BUREAU

Every year seems to produce some new pest or disease to prey upon plant and animal life. The weather is always unfavorable during part of the season to some crops. New advertisements of wonderful labor saving machinery and machinery that will by its use produce much larger yields, come out in the press at various intervals. "Ignorance of the Law" does not excuse anyone from obeying it. Agents are continually picturing gilt edged propositions to farmers. Men are gambling on the labor of the farmer, and speculate on the harvests produced by him and his family.

There is an Organization that has grown by leaps and bounds the past few years. It is nation wide. Meetings are being held in your Township. Do you feel the spirit of this movement? It is a spirit of patriotism and farm fellowship.

The Farm Bureau is organized to benefit every farmer. It helps by teaching the most economical methods to use in crop production and in animal husbandry. The plants and animals feed and clothe the world. "Agriculture is the foundation of all industry". The drudgery and extreme long hours can be eliminated by all farmers joining and sticking to the Farm Bureau.

The Officers of this Organization realize how extremely important it is, that we have in Johnson County, men producing pure bred stock and high producing seed of all kinds of plants. We need these men to supply seed and breeding stock, not only in our county but to other counties and to other states. Johnson County now has a strong list of such men, (See their Ads in this Directory), but we need more and if all farmers in Johnson County enroll and attend their Township Meetings of the Bureau, farming will become more of a pleasure. The profits will be surer. There are no secrets to the Farm Bureau Work. The Officers invite you to attend and take part in all meetings. Let us stand united in the Farm Bureau Organization. Ask your neighbor to come to the meetings and join the Organization.

Herd Boar

In building this herd of pure bred Chester White Hogs it has been our continuous aim to purchase only animals of merit of the most popular blood lines. It is our custom to add new blood lines each year in order to supply our old customers as well as new.

We dispose of our boars at private sale, but reserve our gilts for our annual bred sow sale the latter part of January.

In this season's crop of Spring Pigs we have some real prospects sired by "Smooth Prince 67781" a boar which stood right at the top of his class at the Great Iowa State Fair 1920. "Hawkeye Giant," the World's Jr. Champion boar 1920, "Chief's Model a son of Valley Chief, and the "Captain."

Come and look our herd over if you are looking for Big Type Chesters, before you buy. We think we can please you.

White Wyandotte Chickens

The foundation for our flock of White Wyandottes is the famous Regal—Dorcas strain (originated by Mr. John S. NIGHT SALE

Is the time to buy Boars and Sows that will make you big profits. Pigs sired by eight of the biggest Boars of the breed. Boars that have won a reputation in real competition, and that will mature to 1,100 pound hogs. It is the size that we want—not the little kind, with lots of noise about the breeding.

VISITORS ALWAYS WELCOME.

The Live Stock Industry in Johnson County

Some of the oldest breeders in Iowa live in Johnson County. We have importers of live stock and breeders, who have an international reputation.

Some of the National Live Stock Judges live in Johnson County.

In the old days when the Johnson County Agricultural Association was flourishing, many strong exhibits of live stock were shown at the annual fairs.

In the last few years a Johnson County Live Stock Breeders Association with W. T. Casey as President, has been formed. This association has done fine work and Mr. Casey and the entire membership is to be commended on their concientious work for the betterment of the live stock industry.

Just recently the Association's Sales Pavilion at Iowa City burned with over 50 head of Johnson County's best Aberdeen Angus Cattle.

The Association has shown its progressiveness as already plans are under way for a new pavilion with many advantages over the old one.

The Fred Hess Section is a part of the MARENGO REPUBLICAN, WILLIAMSBURG JOURNAL- TRIBUNE and the BLAIRSTOWN PRESS, every first and third Wednesdays of each month, during the sale season. It is devoted exclusively to the interests of the Pure Bred industry.

It is a good advertising medium, as it has a sworn circulation of over 4000, in one of the best sections of Eastern Iowa.

Many of the breeders who used this paper last year have already asked for space in our first edition for the coming season.

Our first edition for the 1921-22 season will be issued Wednesday, July 20th. If you have any Pure Bred Stock for sale,—let us put your proposition before our 4,000 subscribers.

A Word in Passing

The Iowa Farm Directory Company, of Marengo, Iowa, takes pleasure in presenting this Directory to its Advertisers and to the Farmers of Johnson County.

The main object of the book besides being a directory is to create a desire for better stock on the farms where they still raise the grades.

Now is a good time to stock up with a few Pure Bred Cattle and Hogs. You can buy them cheaper now than ever before and probably cheaper now than you can later on.

All experiments at Ames and all other agricultural colleges have shown that you get more for your feed and time if you have well bred stock than if you have the other kind. So why not raise the good kind?
Call on the breeders who are advertised in this book and look over the herds in your own county.

We wish to thank E. H. Hall, County Agent, the Directors and Cooperators of County Farm Bureau and others who have helped in getting out this directory.
